

# PAPERGATOR

## KEEPING THE EARTH GREEN

PaperGator® is a unique fund raising and recycling program where everyone wins! Have a PaperGator® recycling bin placed at your non-profit organization (religious or academic institution) to begin earning funds while helping the environment.

Here's how...

- Earn funds for your organization without any contracts nor charges for the service for collecting paper products
- Reduce operating costs with less trash being generated from your organization
- The environment wins because the PaperGator® saves landfill space and trees from being harvested
- It is estimated over 40% of landfill space is made up of paper products.
- One ton (2000 pounds) of recycled paper saves 17 trees from being harvested and 3 cubic yards of landfill space.

Who should participate?

- Allen, Wells, Adams, Huntington counties non-profit organizations (schools, religious organizations and libraries)
- Extend the program to families, students and the community to increase your earning potential

The details

- You are paid \$20/ton of paper collected (less effort than bake sales or car wash fundraising activities)
- Each container will hold 1.25 tons of paper or \$25 for your organization
- No contract or fees = no risk or costs
- Fast, free and convenient scheduling for picking up your full PaperGator®
